## Hold Dances Both Evenings

### Everything Ready For 'Best Ever' Turkey Shoot

With a plentiful supply of the finest dressed turkeys available (many from the prize-winning Richardson flock), the third annual Lions Club Turkey Shoot on Friday and Saturday, Dec. 1 and 2, bids well to establish a new record as the biggest and best turkey shoot in Southern Alberta.

The holding of the shoot at Vulcan's new Armouries permits the committee to expand it to a real gala event. No effort has been spared to provide entertainment for shooters and non-shooters alike, while the large and varied assortment of door prizes, boxes of apples and top quality poultry and smoked meats assures a happy winner for every event.

Both trap shooting and rifle shooting will begin at 1:00 p.m. each day. Trap-shooters are to bring their own shotguns—ammunition can be purchased on the grounds. Sufficient traps will be on hand to assure no waiting. Both expert and luck targets will be used in the rifle shooting.

The bingo games will begin at 7 p.m. each night and at certain intervals "Oscar" games will be called for additional prizes.

C. J. Robinson will again be in charge of the popular pitch games and old rivalries as to who is the best pitch-player in the district will be settled, with the winners taking home their Christmas dinners.

Two top-notch dances are also scheduled. On Friday night the best in modern and oldtime music will be supplied by the well known Alberta Ranch Boys and the Saturday night dance music will be furnished by Hunter's Ramblers. A square dance competition will be featured Saturday night at 10 p.m. sharp, with very good prizes going to the most graceful square.

There is no doubt about it—this year will see the best program ever offered by the Lions Club annual turkey shoot. Everyone is assured of the best time ever—the best shooting facilities available, the best turkeys money can buy and the best opportunity to help in community work.

## Lieut.-Governor Endorses Seal Sale

His Honour J. J. Bowlen, Lieut.-Governor of Alberta has given his patronage and endorsement to the 1950 Christmas Seal sale of the Alberta Tuberculosis Association and its local district associations.

Mr. Bowlen is honorary president of the Alberta Tuberculosis Association, and honorary vice-president of the Canadian Tuberculosis Association.

In endorsing the Seal sale, Mr. Bowlen said, "Christmas Seals are part of our Canadian tradition. They represent the very spirit of Christmas, and permit every man, woman and child to participate in the life-saving work of the T.B. Association. I earnestly hope that all Albertans will support the Christmas Seal fund even more generously this year than ever before."

Christmas seal contributions are allowable income tax deductions. They may be sent to the Lions Club Christmas Seal Office, Vulcan, Alberta.

## The Weather

Following a few days of short-lived Chinooks alternating with colder spells, old man winter really took over Tuesday night and the mercury skidded to a reported 16 degrees below zero.

A light snowfall accompanied Tuesday's cold wave but Wednesday's weather was clear and cold, with no relief in sight.

Ice making is well under way at both the curling and skating rinks and if the present cold wave continues winter sports will get under way next week.

Cheques cashed against individual accounts by Canadians in the month of July amounted to \$8,101 million.

Christmas Seals are only bits of colored paper if you don't buy them and use them. Sending in your contribution is what gives life to Christmas Seals.

## Vice-President of Implement Dealers

M. R. Morrison of Vulcan was named first vice-president of the Alberta Retail Implement Dealers Association at the concluding session of the sixth annual convention of the Association held in Calgary last week. The new president is Mel Cunningham of Red Deer, who succeeds T. A. Ellis of Calgary. Mel Rodacker of Grande Prairie was named second vice-president.

Elected to the board as representatives for southern Alberta were Gordon Turner, Stettler; K. Rimington, Innisfail; Milt Ford, Carstairs; Carl Wilde, Raymond; and Bob Hall, Brooks.

## Red-Cross Aids In Disasters

At least seven major disasters in which Red Cross volunteers and money assisted in relieving distress have taken place in Canada so far this year. Maj.-Gen. C. Churchill, M.A., C.B.E., D.S.O., chairman of the National Committee of Disaster Services, told the semi-annual meeting of the Red Cross Central Council which opened in Winnipeg this week.

The Manitoba flood relief and the part the Red Cross was privileged to play is outstanding in the annals of disasters. Gen. Mann declared, adding that it marked a milestone in the Disaster Services of the Canadian Red Cross Society.

"Occurring at the same time as the Winnipeg Flood, the fires at Rimouski and Cabano challenged the facilities of the Canadian Red Cross in a manner never before visualized," Gen. Mann stated. "To have three major disasters on our hands at one time is indeed unusual."

He pointed out that unlike a flood, Rimouski and Cabano were flash disasters presenting their peak problems within 12 hours of the commencement of the disaster, when the confusion and excitement accompanying such a disaster tends greatly to produce panic, which in itself leads to confused thinking.

"It is very gratifying to know how promptly these disasters were met and to see the organized manner in which relief was given," he said.

Gen. Mann reported that in nine provinces, excluding Alberta for which no report was available, there were 397 minor disasters in addition to the seven major ones in Manitoba, Quebec, Nova Scotia, Ontario and British Columbia, and that the cost of assistance was more than \$123,000, not including the costs of relief during and after the Winnipeg flood.

## Improve Many Miles of Highway

Alberta is making improvements to 1,878 miles of highways this year, according to information which officials of the Alberta Motor Association have received from the provincial department of public works.

The program includes 264 miles of asphalt surfacing, which will give Alberta a total of 1,150 miles when this year's program is completed.

The program also includes 656 miles of new grade and 58 miles of widening along with 800 miles of graveling of main highways.

The public works department also plans to improve many of the 7,500 wooden bridges over highways in the province. These will be replaced by culverts of steel and concrete.

Involving a large outlay, new steel highway bridges are being built in the Athabasca, Devon and Beverly districts. During this year, maintenance work on existing bridges cost the province \$1,960,000.

About 3,000 men are employed by the Alberta department of public works each year. In addition, thousands are employed by contractors on government projects.

Let's stamp out T.B.—with Christmas Seals.

## Loses Arm In Truck Accident

The many friends of Mr. and Mrs. Herbert Kirby, who resided east of town until they moved to Milo a year ago, will be shocked and sorry to learn that Mr. Kirby has lost his right arm as the result of very severe injuries received in a recent highway accident.

His truck, driven by Larry Fleming and with Mr. Kirby as passenger, collided with a house moving truck on the highway near Westlock (north of Edmonton) when visibility became very poor as the result of a nearby muskeg fire.

A large timber which protruded from the house moving truck rammed through the windshield of the Kirby truck, striking Mr. Kirby in the right shoulder and mangle it severely. He was rushed to Westlock hospital where the injuries were found to be of such nature that it was necessary to amputate his right arm at the shoulder.

Mr. Kirby is still hospitalized at Westlock and making satisfactory progress.

## Jantzie Family Gathering, Ontario

On the afternoon of Sunday, Nov. 5, a reception was held in the public library at New Hamburg, Ont., honoring Mr. and Mrs. D. O. Jantzie of Vulcan, Alta.

125 guests, all related to Mr. Jantzie, were present.

Mr. Clint Jantzie, as master of ceremonies, had a fine program of choral and instrumental music arranged for the entertainment of the guests.

The history of both sides of the Jantzie family was read by John Jantzie of Baden and D. O. Jantzie of Vulcan.

Other items on the program included a trio by the three Jantzie brothers, a reading by Mrs. D. O. Jantzie and a piano solo by Clair Jantzie.

Beautifully decorated birthday cakes were presented to the three brothers: D. O. Jantzie, M. O. Jantzie and John O. Jantzie. Pictures were taken of various groups and delicious refreshments were served by the ladies. Out of town guests were from New York, Kitchener and Tavistock.

In 1949 Canadians spent \$1,270,000,000 in food stores, of which \$300,000,000 was spent in chain stores.

## Barons Wildcat Springs "Surprise"

### Barons Well Strikes Oil At 4100 ft. in Viking Sands

Barons No. 1 oil well, located a mile east of the village of Barons, proved to be a surprise well as it "blew in" early Tuesday morning with production from a zone where oil was not expected to be found.

Oil was found in the Bow Island (Viking) formation at a depth of about 4100 ft., where it was expected that gas might be found. A formation test brought a gas flow of 84,000 cu. ft. a day and it is estimated that flush production of oil is 500 to 1000 barrels a day of 30 gravity crude. An accurate flow test will be taken as soon as casing is run.

The Barons Oil Ltd. well was spudded in less than a month ago, on Oct. 27. R. Allen Brown, president of the firm, has stated that the well will not be deepened but will be put on steady production as soon as possible. A south offset well will likely be drilled.

Oil fever has hit the little town of Barons, 35 miles south of Vulcan, on No. 23 highway and oilmen and visitors by the score are flocking to the scene of the new strike.

Another Duster? Meanwhile, Phillips-Husky Lake McGregor, deep test well southeast of Vulcan, is deep into the Devonian at 7500 feet, with no sign of oil. The hole will be continued to the bottom of the Devonian, about another 300 feet.

The first deep test well in this district, drilled a year ago about ten miles west of Vulcan, was a dry hole and has been abandoned.

Christmas Seals form the only source of revenue of the Alberta Tuberculosis Association.

## X-RAY CLINIC ON THE RAILS

Carrying free chest X-ray services to 41 northern communities which can be reached only by rail was one of the ways in which Christmas Seal dollars helped fight tuberculosis this past summer. This railway coach, fully equipped and staffed, was sponsored by the Ontario Tuberculosis Association and the Tuberculosis Division of the Ontario Department of Health. Free transportation for the coach and the staff was provided by the railways through the towns which were being served. E. J. Pain, one of the technicians, is pictured here spreading his banner to announce arrival of the "rail clinic."

## School Divisions Protest Formation of Vulcan County

On Friday afternoon, Nov. 17th, a meeting was held in the town of Macleod of school authorities affected by the formation of the proposed County centering on the Town of Vulcan. The meeting was attended by School Trustees from the Macleod School Division No. 28, Granum; the Foothills School Division No. 38, High River; the Bow Valley School Division No. 43, Cluny; and the Lethbridge School Division No. 7, Lethbridge. Mr. J. Hartley, M.L.A., was also present and acted as chairman of the meeting.

The trustees present were unanimously of the opinion that the formation of the proposed County at Vulcan should be opposed vigorously by all persons and organizations interested in education, as under the County set-up, education would be bound to suffer when in competition with municipal affairs. As one delegate put it "the average rate-payer would rather have a gravelled road any day than a better school." It was brought out in the discussion that

only the Mun. District of Vulcan No. 29 had applied for the setting up of a County and that no other existing municipal, hospital or school body had any voice in whether such a county should be started in the area in question.

The meeting was advised that the Municipal District of Vulcan No. 29 had called a gathering of all municipalities, hospitals and school divisions affected by the formation of the proposed County, this meeting to be held in the Vulcan Municipal office on Tuesday afternoon, Nov. 28th, for the purpose of deciding the boundaries of the proposed County. A resolution was then proposed and passed unanimously that the Vulcan meeting scheduled for Nov. 28th be postponed indefinitely in order to allow the public generally to become acquainted with the principles of the County Act and exactly what the formation of a County centering on Vulcan would mean to the area affected. It was decided to forward the resolution to the Premier, the Minister and Deputy Minister of Education, the Minister and Deputy Minister of Municipal Affairs and to the M.L.A.'s representing the area in question.

## Good Deeds W.I. Elects Officers

The annual meeting of the Good Deeds Women's Institute was held at the home of Mrs. Merle Smith on Nov. 9 with 17 members and five visitors present. Roll call was answered with local news items.

Mrs. J. Lucas was chairman for the annual election of officers, which resulted as follows: Mrs. Cecil Dennison, president; Mrs. McMaisters, vice-president; Mrs. Fisher, second vice-president; Mrs. Robert S. Irwin, secretary-treasurer; Mrs. Percy Clark, Mrs. Dale Campbell and Mrs. Harry Smith, directors.

A vote of thanks was extended the past president, Mrs. McMaisters, for her excellent and faithful work during her three years as president, and the past secretary-treasurer, Mrs. Dale Campbell, who held that office for two years. Mrs. L. Jackson will be librarian in place of Miss Bennett.

Mrs. E. E. Andrews and Mrs. W. Wyle were congratulated on their birthdays, Nov. 8. Mrs. Harry Smith read a paper on poetry, entitled "Lend an Ear."

It was decided to send a Christmas parcel to the Wood's Christian Home. Two new members, Mrs. Howard Speth and Mrs. John Andrews were welcomed and gifts presented to two brides, Mrs. John Andrews and Mrs. Charlie Andrews. Several ladies subscribed to the Home and Country paper.

A delicious lunch was served by the hostesses, assisted by Mrs. J. Fisher and Mrs. A. Fisher.

The December meeting will be held at the home of Mrs. Jordan and members are reminded on the "Christmas pie."

## Greater Financial Support Needed

### Einar Kumlin President C. and A. Association

Attendance at the annual meeting of the Cultural and Athletic Association, held Nov. 18, was small, but election of officers was held and the Association decided to sponsor several new activities this season.

Officers for the coming year were elected as follows: Einar Kumlin, president; John Hunter, 1st vice-president; Harris Matlock, 2nd vice-president; Mrs. Bernice Buehler, secretary; Mrs. Ethel Banks, treasurer. The following were named to the Board of Directors: E. G. McPherson, J. M. Jamison, Harold Boutland, Ken Loucks, Mervyn Brooks and D. O. Jantzie.

It was decided that the Association would sponsor intermediate hockey this year, as well as bantam, midget and possibly juvenile. The Association is also interested in starting a badminton club and will sponsor junior rugby next fall.

A report on the past year's activities was given by D. O. Jantzie, retiring president. The treasurer reported that there were only nine paid-up members last year and if more memberships are not received the Association will be unable to function in future.

A report on midget hockey was given by K. Loucks and H. LaRoche, showing that the midget team had a very successful year both financially and in the type of hockey played.

John Hunter reported on bantam hockey. Eight games were played last year against the Champion team and the boys were very interested, although it was disappointing that games against other teams could not be arranged.

Harold Boutland reported on the intermediate hockey team and John Hunter on bantam baseball. Mrs. Banks' report on junior girls softball showed that more help was needed in the way of coaches and managers, as there are so many of the young girls eager to play.

## Reserve Champion At Winter Fair

McDonald B. H. A. 23E, owned by B. H. A. McDonald of Vulcan, was judged Reserve Champion Hampshire Ram at the Royal Winter Fair held in Toronto last week.

The reserve winner also topped 15 entries for best lamb ram and another of Mr. McDonald's entries placed second in the 18-entry ewe lamb class.

Mr. McDonald, well-known farmer of the Alston district, has been a consistent winner with his Hampshire sheep at stock shows and fairs.

## Christmas Seal Receipts \$630

Christmas Seal returns for Vulcan and district at the end of the first ten days are slightly ahead of last year's, according to Wm. Shields, chairman of the Lions Club Seal sale committee.

Up to Wednesday night, Nov. 22, \$630 had been collected toward an objective of \$2,600. This is considered an excellent start, since little rural mail had reached headquarters, and the T.B. associations depend greatly on rural contributions.

Mr. Shields pointed out that Christmas Seal funds are spent on an equal basis between cities and rural populations, both in the expenses of the Christmas Seal mobile chest X-ray units, and also in pacing X-ray equipment in hospitals. Six city hospitals have received X-ray machines, compared with 12 units placed in smaller hospitals. Of the 650,000 Albertans who have received free chest X-rays, nearly half have been rural or town residents.

Provincial receipts also are very slightly ahead of last year, according to officials of the Alberta Tuberculosis Association, being \$15,999 this year as compared with \$15,525 at the same period in 1949.

Christmas Seal contributions are income tax exempt, and may be sent to Lions Club Christmas Seal Office at Vulcan, Alberta, or to the Alberta Tuberculosis Association, 340, 7th Avenue West, Calgary. Receipts will be returned on request.

## Ladies Auxiliary Votes Donations

The November meeting of the Ladies Auxiliary to the Canadian Legion, held Wednesday evening, Nov. 15th, was well attended.

Much business was dealt with including an application for membership which was favorably accepted, and the secretary was instructed to notify the candidate to be present at the next meeting. Donations were voted to the Woods Christian Home, to the Colonel Belcher Hospital and the Alberta San for comforts and Christmas treats.

Reports of committees showed a very favorable sum realized from the sale of poppies and from the recent old time dance. The committee in charge of the card party reported that another whist and bridge party was planned for Wednesday, Nov. 29th, in the Legion hall, to which the public is cordially invited. A report was given on a parcel that had been packed and sent to a family in the Old Country, for Christmas.

Due to the fact that the regular meeting date for December falls too near the holidays it was decided to hold it one week earlier, namely on Wednesday, Dec. 13th, beginning promptly at the new time of 8 o'clock. This meeting will be the annual one and following the business session a short social period will be enjoyed at which time a program will be presented and a "Christmas Pie" will be opened, with the members exchanging small remembrances. A good turn out is urged at this time, as a real get-together is hoped for.

Following the meeting lunch was served by the committee.

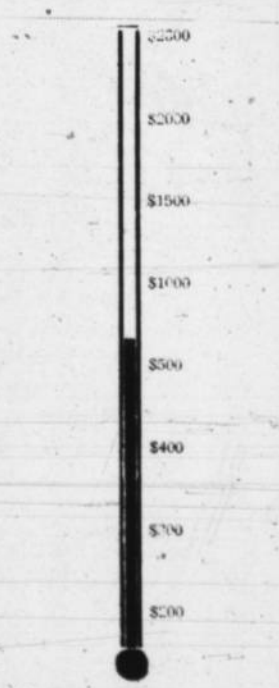

## Participate In Army Scheme

Last Sunday eight members of "A" Company, Calgary Highlanders, under command of Cpl. R. S. Irwin, journeyed to Calgary and participated in a field firing exercise at Sarcee along with members of other reserve army units of Calgary.

Calgary's reserve squadron of the R.C.A.F. also took part in the show, along with tanks, artillery and infantry, combining to put on a show that was much enjoyed by the Vulcan reserve army men.

The local unit, reorganized a month ago, now has a strength of about thirty all ranks. Parades are held at the Armouries every Tuesday evening at 8 o'clock and young men of the town and district interested in reserve army work are invited to attend at any time or to see Major Robson, Captain Munro or Captain Tompkins, for further information.

The St. Mary River dam, now under construction in Alberta, is the biggest earthfilled dam in the world.

**Weather and Wheat**

Many farmers in Southern Alberta have been agreeably surprised by this year's wheat yields considering the very dry growing season. Yields of wheat at the Station were not very far below average. A field that has been continuously cropped for 39 years produced 10.6 bushels per acre as compared with an average of 12.0 bushels. Similar figures for wheat on fallow are 24.8 and 27.3 bushels per acre.

Rainfall, particularly in the growing months is a vital factor in producing crops. The rainfall recorded in April, May, June, and July of 1950 at the Lethbridge Experimental Station was 1.00, 0.91, 1.33 and 1.77 inches respectively or a total of 5.01 inches. Similar long time average figures are 1.11, 2.25, 2.83, and 1.69 or a total of 7.98 inches. This 2.97 inches below normal rainfall would in most years have resulted in very low yields.

There are other important weather factors influencing crop production and these were evident this year. Evaporation from a free water surface was practically the same during May this year as the inches. In June, 4.18 inches was lost by evaporation as compared with an average of 4.67 inches. July was very outstanding with only 4.85 inches evaporated as compared with a long time average of 6.15 inches. The temperatures in June was one degree below average while that for July was one and a half degrees below average. Bright sunshine in June was on hour less per day than average while in July there were 3 hours less than average. Total wind mileage in July was 5336 as compared with an average of 9201 miles.

The cooler and calmer weather in July can be credited with saving a rather unfavorable situation July in most years is best known for hot, drying winds. Water requirement of plants is high and soil moisture is seldom plentiful at this time.

Between 1901 and 1949 the mileage of railroads in operation in Canada increased from 18,140 to 44,300.

### Honor Pastor

About 85 members and friends of the Evangelical Free Church assembled in the Church, Friday evening, Nov. 10, to honor Rev. R. Schnieder who has been pastor of the Church for the past six years. A social evening was enjoyed and Mr. Schnieder gave a farewell address to his former congregation. On behalf of all present, J. Leback presented Mr. Schnieder with a suitable gift and a purse of money. Several members spoke of the splendid work Mr. Schnieder had accomplished in the community.

The ladies served lunch in the basement room at the close of the evening.

Mr. Schnieder will open a new Pastorate in Coaldale.

Reverend and Mrs. W. Strome, formerly of Bow Island, have taken over the pastorate of the local Church and were welcomed with a pantry, shower and social evening by the congregation, Friday evening, Nov. 17. Lunch was served by the ladies.

Mr. Strome was inducted at the evening service, Sunday, and he and Mrs. Strome have taken up residence in the suite in the church building.

### H. and S. Association

The Champion Home and School Association held their regular meeting Tuesday, Nov. 14 in the school with a rather small attendance. C. Versluys presided with Mrs. R. Hegland, secretary. R. Maxwell, treasurer, gave his report which showed a bank balance of \$241.48.

It was decided to hold the annual School Christmas Concert in the Community hall again this year, the date to be announced later. Each teacher to be responsible for ten minutes of the program.

The association was advised that the School Division board would pay the full cost of hall rent for P. T. Classes this year.

A drive is under way to encourage a larger membership, which is indeed needed if this worthy association is to function as heretofore. One method is: each month to give the room with the most parents, of pupils, in attendance at the meeting, one dollar for the purchase of something to be used for the pleasure of the pupils. Also, a travelling plaque or picture, to be left to the discretion of Mrs. T. P. Carlson, to be hung in the winning room each month.

The lunch convener, Mrs. J. C. Anderson, was assisted by Mrs. Alvie Bjornson and Mrs. G. Gull-ekson.

### Women's Institute

The Champion Women's Institute held their monthly meeting at the home of Mrs. C. G. Miller, Thursday, Nov. 16th. Mrs. F. L. Little presiding. Following the reading of the W. I. Creed, the roll call was answered with an "Important Act of the Last Legislative Assembly". The convener of the sale of poppies for remembrance day, Mrs. R. Macleod, reported that the sum of \$96.00 had been collected. Mrs. F. Caldwell and Mrs. M. M. Bakken kindly consented to audit the books before the December meeting.

Supervisor of the newly formed girls' club, Mrs. Macleod, reported on the meeting held at her home the previous Saturday with a good attendance. The young people chose "Jolly Time Club" as the title for their organization. Future meetings will be held at the school with parents being responsible for the lunch.

The members were informed that the name of the late Mrs. F. Alcock has now been entered in "The Book of Remembrance" in the Parliament Building in Edmonton. Mrs. Alcock had served for five years as District Conven-

er and for an equal number of years as Constituency Convener of the W.I.

Mrs. Macleod gave an inspiring paper on "Citizenship" and was also the lucky winner of the raffle prize, donated by Mrs. Miller.

A very tasty lunch was served by the hostess and Mrs. Caldwell.

The December meeting will be in the form of a Christmas party when members will exchange gifts (the cost of which must not exceed one dollar) and will be at the home of Mrs. H. C. Jopling. Attendance, C. Versluys presided.

#### 40th Wedding Anniversary

Mr. and Mrs. H. A. Bjornson were honored, Sunday, Nov. 12, when members of their immediate family gathered at their home to pay tribute to their parents who would celebrate forty years of marriage on Nov. 13.

The family sat down to a sumptuous dinner. Two daughters and sons-in-law, from out of town, Mr. and Mrs. V. White of Calgary and Mr. and Mrs. Paul Binning of Carmangay, joined with the local members of the family in the celebration.

Monday evening, Nov. 13th, a group of friends and neighbors pleasantly surprised Mr. and Mrs. Bjornson, arriving en-masse to honor them. An enjoyable evening was spent playing cards. A festive lunch was served at a long table tastefully decorated and graced with an anniversary cake. R. Davies proposed a toast to the bride and groom of yesterday to which Mr. Bjornson responded.

A gift was presented to the honored couple by Mrs. F. Wise on behalf of those present, with suitable remarks.

Mr. and Mrs. Bjornson were married in Minnesota in 1910, later moving to Pender D'Oellie, Alberta, where they homesteaded and lived until 1924 when they moved to Coaldale and to Champion district in 1937 where they still reside.

#### CARD OF THANKS

Mr. and Mrs. Chas. McLean, formerly of Champion, wish to extend their thanks to all in appreciation of the gifts and kindness extended to them on their departure to their new home at Sylvan Lake, Alberta.

### F. U. A. Meets

Members of the Plainfield F. U. A. held their meeting at the home of Mr. and Mrs. Vilas Tesky's on Friday evening with all members present.

It was decided to send a delegate to the convention in Calgary on Dec. 4 to 8. Members paid their dues. Edward Ness of Calgary also attended the meeting and spoke of the enthusiasm shown by the Grain Clubs in the Drumheller district. As is noted by the daily papers, the World's Wheat Championship was won by a 13 year old boy from that district. A delicious lunch was later served by the hostess.

### Scrags-Middleton

A quiet wedding was solemnized at the home of Mr. and Mrs. Roy Burns of Carmangay on Wednesday afternoon at 2:30 p.m. Nov. 15th, when Miss Mabel Scrags, of Toronto became the bride of Mr. Walter Thomas Middleton, son of Mr. and Mrs. Tom Middleton. Rev. Peter Dawson officiated at the ceremony.

The bridal party entered the prettily decorated room to the strains of Lohengrin's wedding march played by Miss Audrey Burns. The bride was given in marriage by Mr. Roy Burns.

The bride was attired in a navy blue tailored suit with a corsage of pink rose buds. Her matron of honor, Mrs. Eric Collier, was dressed in a blue suit with a corsage of coral roses.

Mr. Emil Rieter acted as best man for the groom.

During the signing of the register Mrs. Roy Burns sang "I Love You Truly."

Following the ceremony a reception was held, the bride's table was centered with a three tiered wedding cake. The groom's four sisters, Mrs. E. Rieter, Mrs. R. Burns, Mrs. W. Warren and Mrs. B. Long served a dainty buffet luncheon.

Rev. Peter Dawson proposed the toast to the bride which was responded to by the groom. After the reception Rev. Dawson sang "Bless this House."

The happy couple left by car, to spend their honeymoon at Calgary and Bowden. On their return they will reside in Carmangay.

### Paul Felix Plourd

**News From Alston District****Beingessner-Foss Nuptials Solemnized at Lethbridge**

St. Patrick's R.C. church in Lethbridge was the scene of a pretty wedding on Monday, Nov. 6, when Rev. Dunlop united in holy matrimony, Zada Josephine Foss of Coultas, Alta., oldest daughter of Mr. and Mrs. Ted Koller, and Clarence Albert Beingessner, third son of Mr. and Mrs. Sam Beingessner of Champion.

Given in marriage by her step-father, the bride was attired in a floor length gown of white satin styled with sweetheart neckline, slight peplum at the back and bodice trimmed with sequins, featuring lily point sleeves. Her floor length veil was held in place by a seed pearl beaded coronet and carried by two little flower girls. She carried a bouquet of American Beauty roses.

Attending the bride as her matron of honor was Mrs. Jean Beingessner while her bridesmaid was Mrs. Earl Foss. The two little flower girls were Misses Darlene Koller and Doreen Beingessner. The matron of honor chose a pink taffeta gown with a net top, while the bridesmaid wore a gown of blue sheer crepe. They both wore chapel veils held in place by sweetheart halos, and carried white and pink carnations. The flower girls were gown in floor length dresses of pink nylon, wearing flowered wreaths on their heads and carrying old-fashioned nosegays.

Earl Foss, brother of the bride, and Raymond Beingessner, brother of the groom, supported the groom.

Following the ceremony a reception for 74 friends and relatives was held in the Club Cafe in Lethbridge. The bride's table was centered with a three-tiered

wedding cake topped with a miniature bride and groom. Fred Vanbrock proposed the toast to the bride and it was responded to by the groom.

The bride's mother was receiving in a black crepe dress with a pink net top and black accessories. The groom's mother was attired in a medium blue crepe dress and her accessories were grey and both mothers wore corsages of red roses.

For going away the couple donned similar suits of blue gabardine. The bride complimented her suit with a wine top coat and grey accessories and a corsage of pink and white carnations.

Mr. and Mrs. Beingessner motored to Calgary and Edmonton on their honeymoon and now reside at Warner.

Wedding guests from the surrounding districts were Mr. and Mrs. E. A. House and daughter Laura, Mr. and Mrs. Henry Engking, Mr. and Mrs. Tim Barry and Mrs. Engelking, all of Champion; Mr. and Mrs. L. B. Ohlweiser of Vulcan; Mr. and Mrs. Edwin Beingessner and George and Jim Lawrence of the Alston district.

Mr. and Mrs. Jack Morhead of Calgary were weekend visitors at the Roger Hubbard home.

The coyote hunt on Nov. 11 was of no success. Another was held on Thursday and three coyotes were run over by cars.

Mr. Doug Galbraith has returned home from Ontario with a new Chevrolet car. Mr. Galbraith, his wife and son Stuart are now visiting in Edmonton.

Hartley McDonald spent the weekend at his home. He is attending the School of Technology in Calgary.

Mr. and Mrs. Felix Strauss were High River visitors at the homes of Mr. and Mrs. E. Tabbert and Mr. and Mrs. Frank Beingessner on Nov. 12. While in High River they attended the christening service of Francis Jacob, son of Mr. and Mrs. E. Tabbert.

A surprise party was held on Monday night Nov. 13 at the home of S. A. Beingessner in honor of Mr. and Mrs. Clarence Beingessner who were recent newweds. Forty-three of their friends and relatives were present and the evening was spent playing games and community singing with a very delicious lunch served by several of the community women.

Jim Lawrence and his cousin Russel Lawrence of Milk River were visitors at Winfield, Alberta, last week for a few days.

Mrs. Evelyn Reath has been ill at her home for the past few days.

Hubert Warren of Champion and Evan and Bob Williams brought home an elk last week.

Mr. and Mrs. Frank Beaubier and son Donald were guests at the home of the latter's sister, Mr. and Mrs. Fred Walker at Lomond on Nov. 12.

A good crowd attended the dance at Alston Friday night. The new orchestra, the Pekisko Kids, from High River, was especially enjoyed. The next dance will be on Dec. 1 with the Sundquist orchestra from Stavely supplying the music.

Born to Mr. and Mrs. Arthur Saunders a son, David, on Nov. 13, in the Clarendon hospital. Congratulations.

**Tough Grain Presents Problem**

With the lateness of the season and the unsatisfactory harvest weather it has been difficult to harvest the grain in dry condition. Storage of grain of high moisture content is always risky, but it is better to combine or thresh grain tough than to leave it in the field all winter.

A. M. Wilson, Alberta Field Crops Commissioner, suggests that if a few precautions are taken the danger of spoilage from heated grain can be reduced considerably. Large quantities should not be stored in one bin. Grain in bins that are half filled is much easier to move around with shovel or auger if heating starts. Dry posts or boards thrust into the grain will aid air penetration and drying. When feeding grain to livestock use the tough grain first.

In a season like this, says Mr. Wilson, it is well not to take it for granted that the grain is dry. If there is any doubt about it being tough examine it frequently. Once heating has started, neglect can result in rapid spoilage of the grain. An easy test is to push an iron rod or crowbar down into the grain and leave it there overnight. In the morning the rod is warm you may be sure that the grain needs attention.

To bring this anti-aircraft gun into action calls for a full crew—skilled men trained to fight as a fast-thinking, fast-acting team. To train such a crew takes time: gun crews must know how to handle modern scientific equipment—electronics, radar, radio, telephone; men must work together with the closely timed co-ordination of a championship football team.

The Canadian Army Active Force needs men today... keen young men who can begin training immediately as anti-aircraft gunners. You can take your place at the side of the men who defend Canada by reporting for training without delay. Act now—and help make Canada strong.

**PREPARE FOR SAFE WINTER DRIVING**

Motorists are urged to have the safety equipment checked in their car and truck now before the weather shifts into high gear for winter. Look to these mechanical features:

- **EQUALIZED BRAKES** reduce chances of skids when stopping on snow, ice and wet pavement.
- **TIRES** with good treads are desirable, particularly for good traction when you need it.
- **CHAINS** should be checked and ready for use on driving under snow and ice conditions.
- **LIGHTS • FROST SHIELDS • HEATERS • DEFROSTERS • WINDSHIELD WIPERS** should be checked and put in good shape for good visibility and driving comfort.
